The Medicare Learning Network - Celebrating 10 Years As Your Medicare Educational Resource!

This year marks the 10th anniversary for the Medicare Learning Network (MLN) - the home for official information for Medicare Fee-For-Service providers. We're located within the Centers for Medicare & Medicaid Services (CMS) and over the past decade, we've been very busy:

- Producing quality educational products designed to meet the needs and learning styles of busy health care professionals;
- Adding continuing education credits to many of our online courses; and
- Developing new and different ways to make our products accessible and available to the FFS provider community.

Whether you're familiar with the Medicare Learning Network or just curious about us, our upcoming marketing campaign will help you to discover or re-discover the features and benefits that so many members of the FFS provider community turn to on a daily basis. So, check your e-mails and join us as we enter our second decade of dedication to providing the Medicare FFS provider community with the education and information resources it needs.
